

# Leadership Mentoring Program

For Middle School Students • Summer 2011

## Sessions Available:

**July 11-15**

**July 25-29**

**Sessions are held from 9 a.m. to 1 p.m.**

The Coral Springs Police Department is currently accepting applications for the Leadership Mentoring Program.

This program is for Middle School students who live in the City of Coral Springs or attend a Coral Springs Middle School and are looking for encouragement and mentoring through service to the community.

The Leadership Mentoring Program will facilitate community service worksites that will enhance confidence, community involvement and leadership skills in middle school students through hands on projects. High school students who have demonstrated academic excellence and expressed a desire to be a mentor will mentor middle school students.

Acceptance into the program is based on a recommendation by a School Guidance Counselor or a School Resource Officer. Students will receive a program certificate with the number of community hours earned.
