

EARLY START REQUEST

PURPOSE

The City of Coral Springs Development Services Department Building Division has implemented an Early Start Request Program to provide an opportunity for construction to begin work while the application for building permit(s) is being reviewed.

Please Note: *An Early Start request will only be approved if there is delay in the approval of plans and/or specifications or other similar special circumstances.*

AUTHORITY

Section 105.12 of the Broward County Administrative Provisions to the Florida Building Code 6th Edition (2017) allows limited work to start before a building permit is issued. This code section allows certain work to commence up to the point an inspection would be required. In other words, a contractor is not allowed to continue work beyond the point of a required inspection without an official permit. Any work completed prior to the permit issuance is entirely at the risk of the permit applicant.
